

SAKEENA YAMIN

UI/UX DESIGNER

Karachi, Pakistan | (+92) 332-6999932 | sakeenayamin004@gmail.com | sakeenayamin.vercel.app

PROFESSIONAL SUMMARY

Detail-oriented UI/UX Designer with hands-on experience designing user-centered interfaces for web and mobile products. Skilled in wireframing, prototyping, and usability testing using Figma, with a proven ability to translate research insights into intuitive, high-fidelity designs. Collaborative team player with a strong foundation in computer science, combining design thinking with technical understanding to deliver clean, functional, and visually engaging user experiences.

TECHNICAL SKILLS

Design & Prototyping Tools: Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, Canva

UI/UX Competencies: User-Centered Design (UCD), Design Thinking, Wireframing, Prototyping, User Research, Usability Testing, Interaction Design, Microinteractions, Responsive & Adaptive Web/Mobile Design

Graphic Design: Branding, Visual Identity, Logo & Icon Design, Typography, Color Theory, Illustration

Development: Basic Frontend Knowledge (HTML, CSS)

Additional Skills: Design Systems, Cross-Functional Collaboration, Visual Communication, Attention to Detail, Storytelling, Problem-Solving, Analytical Thinking, Time Management

Languages: Urdu (Advanced), English (Intermediate), Hindi

WORK EXPERIENCE

UI/UX Design Intern — Trust Nexus Software Company

March 2025 – June 2025

- Designed UI screens for multiple software products, applying user-centered design principles to improve interface clarity and ease of use.
- Collaborated with cross-functional teams (product, engineering) to create wireframes, interactive prototypes, and high-fidelity designs aligned with product goals.
- Contributed to improving usability and maintaining visual consistency across the client-facing application through iterative design refinements.
- Translated stakeholder requirements into user flows and mockups, supporting faster design-to-development handoff.

PROJECTS

Nexovate — Trust Nexus Software Company

March 2025 – June 2025

- Designed a product-scoping tool that helps students and clients define project requirements and automatically generates a scope document, including recommended tech stack, database structure, and sample UI designs.
- Created user interfaces and prototypes in Figma to guide users through requirement-gathering in a clear, structured, and intuitive flow.

Pakistan Railway Mobile App Redesign — UI/UX Design Challenge, Developers Day, FAST NUCES

April 2025

- Redesigned the Pakistan Railways mobile app to improve usability and accessibility, simplifying the ticket booking flow and streamlining navigation.
- Introduced a modern, nationally inspired visual identity while maintaining functional clarity across all screens.
- Ranked 6th out of 15+ competing teams for design quality and user-friendliness.

Caramel Coffee Shop — Mobile App Concept — Independent Practice Project

January 2025 – February 2025

- Designed a complete mobile app concept for a coffee shop, including sign-in/login screens, menu browsing, product detail pages, and an add-to-cart flow.
- Applied a coffee-inspired color palette to reinforce brand identity while ensuring a warm, intuitive user experience.

EDUCATION

Bachelor of Computer Science

2022 – 2026

Bahria University, Karachi Campus — GPA: 3.58 / 4.0

Intermediate in Pre-Engineering

2020 – 2022

SMB Fatima Jinnah Girls' College — Marks: 876 / 1100

CERTIFICATIONS

UI/UX Design Competition, Developers Day '25, FAST NUCES Karachi — Participated in the UI/UX Design Competition.

Certificate of Internship, Trust Nexus — Completed a three-month UI/UX design internship through the Bahria Innovation Cell (BIC) at Bahria University.
